

UM-401-700

Ultra Heavy Duty Half Capping Machine

The UM-401-700 capper is designed to sew any thickness of panel to a quilter border. "If you can flange the panel, we can half cap it to create buckets".

PTP Parts - 1 Year Guarantee

This machine comes with our patented PTP "Black" parts that we guarantee to not wear out in your machine for 1 year.

Patented PTP technology is a special surface treatment patented by Jumpsource for metal components, allowing fast-moving parts and components to achieve exceptional strength, durability, and increasing life.

SPECIFICATIONS	UM-401-700
Max sewing speed (rpm)	3600
Recommended sewing speed (rpm)	3200
Stitches per inch (spi)	4-5" (6.4-5mm)
Presser foot height	39/64" (15.5mm)
Needle type	135x17
Needle size	22-24
Voltage/phase	220/1
Current (amps)	15
Air pressure (psi)	80 (5.5 bar)
Air consumption (cfm)	0.1 (3 L/min)
Production (units/minute, hour or shift)	1/min
Max thickness	2 1/2" (64mm)
Min thickness	flat

The UM-401-700 half cap bucket maker for the single side beds and high production environment. Joins the thickest border material to the heaviest of panels in one operation.

- Walking foot mechanism
- Needle positioning
- Retractable binder assembly
- Automatic foot lift

Sourcing Unlimited's two companies, United Mattress Machinery and Jumpsource, are industry leaders in producing the highest quality of machinery and aftermarket parts.
