UM-DBS-2000A

Border Serger L-R Machine

The United UM-DBS-2000A, with left and right hand sewing heads, is designed for the connective flow of production and automation.

PTP Parts - 1 Year Guarantee

This machine comes with our patented PTP "Black" parts that we guarantee to not wear out in your machine for 1 year.

Patented PTP technology is a special surface treatment patented by Jumpsource for metal components, allowing fast-moving parts and components to achieve exceptional strength, durability, and increasing life.

SPECIFICATIONS	UM-DBS-2000A
Max sewing speed (rpm)	5000
Recommended sewing speed (rpm)	4000
Max border thickness	1" (25mm)
Min panel thickness	flat
Stitches per inch (spi)	5
Yield	40 +/- yards/minute (36.5 +/- meters/minute)
Needle type	DCx27
Needle size	21
Voltage	220 (alternative voltages available)
Current (amps)	15
Air pressure (psi)	80
Air consumption (cfm)	4
Footprint	54:x112" (1.3x2.8m)

The UM-DBS-2000A is a high speed border serger which can roll up the border or have it continue to another of United's family of other automated systems.

- Our direct drive motors eliminate mechanical belt drive
- Raw border can be pulled directly from cart or roll
- Serged borders feed directly to windup system or to optional border measure and cut system
- Material run out and thread break detection
- Patented puller system
- Advanced waste removal system

Sourcing Unlimited's two companies, United Mattress Machinery and Jumpsource, are industry leaders in producing the highest quality of machinery and aftermarket parts.
